REMARO GROUP CORP.
NOTES TO THE AUDITED FINANCIAL STATEMENTS
FOR THE NINE-MONTH PERIOD ENDED APRIL 30, 2017
(UNAUDITED)

NOTE 1 - ORGANIZATION AND BUSINESS

REMARO GROUP CORP. (the "Company") is a corporation established under the corporation laws in the State of Nevada on March 31, 2016. The Company's aim is to offer the services of a freelance local guide, known also as a pointman (hereinafter referred as 'guide' or 'local guide'). The Company's tours are expected to operate exclusively in Ecuador and the Company's functional currency is the US dollar. The Company has adopted July 31 fiscal year end.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in the United States of America.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid instruments purchased with an original maturity of three months or less to be cash equivalents. The Company's bank accounts are deposited in insured institutions. The funds are insured up to \$250,000. At April 30, 2017 the Company's bank deposits did not exceed the insured amounts.

Use of Estimates

Preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue, and expenses. Actual results and outcomes may differ from management's estimates and assumptions.

Stock-Based Compensation

As of April 30, 2017, the Company has not issued any stock-based payments to its employees. Stock-based compensation is accounted for at fair value in accordance with ASC 718, when applicable. To date, the Company has not adopted a stock option plan and has not granted any stock options.

Revenue Recognition

The Company follows the guidance of the Accounting Standards Codification ("ASC") Topic 605, Revenue Recognition. We record revenue when persuasive evidence of an arrangement exists, the services have been provided, the price to the customer is fixed or determinable and collectability of the revenue is reasonably assured.

Income Taxes

The Company follows the liability method of accounting for income taxes. Under this method, deferred income tax assets and liabilities are recognized for the estimated tax consequences attributable to differences between the financial statement carrying values and their respective income tax basis (temporary differences). The effect on deferred income tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

New Accounting Pronouncements

There were various accounting standards and interpretations issued recently, none of which are expected to have a material impact on our financial position, operations or cash flows.

NOTE 4 - CAPITAL STOCK

The Company has 75,000,000 shares of common stock authorized with a par value of \$0.001 per share. Upon formation, the Company issued 8,000,000 shares of its common stock to the director at \$0.001 per share for total proceeds of \$8,000.

As of April 30, 2017, the Company had 8,000,000 shares issued and outstanding.

NOTE 5 - RELATED PARTY TRANSACTIONS

In support of the Company's efforts and cash requirements, it may rely on advances from related parties until such time that the Company can support its operations or attains adequate financing through sales of its equity or traditional debt financing. There is no formal written commitment for continued support by officers, directors, or shareholders. Amounts represent advances or amounts paid in satisfaction of liabilities. The advances are considered temporary in nature and have not been formalized by a promissory note.

Since March 31, 2016 (Inception) through April 30, 2017, the Company's sole officer and director loaned the Company \$1,064 to pay for incorporation costs and operating expenses. As of April 30, 2017, the amount outstanding was \$1,064. The loan is non-interest bearing, due upon demand and unsecured.

NOTE 6 - SUBSEQUENT EVENTS

In accordance with SFAS 165 (ASC 855-10) the Company has analyzed its operations subsequent to April 30, 2017 to the date these financial statements were issued, and has determined that it does not have any material subsequent events to disclose in these financial statements.

FORWARD LOOKING STATEMENTS

Statements made in this Form 10-Q that are not historical or current facts are "forward-looking statements" made pursuant to the safe harbor provisions of Section 27A of the Securities Act of 1933 (the "Act") and Section 21E of the Securities Exchange Act of 1934. These statements often can be identified by the use of terms such as "may," "will," "expect," "believe," "anticipate," "estimate," "approximate" or "continue," or the negative thereof. We intend that such forward-looking statements be subject to the safe harbors for such statements. We wish to caution readers not to place undue reliance on any such forward-looking statements, which speak only as of the date made. Any forward-looking statements represent management's best judgment as to what may occur in the future. However, forward-looking statements are subject to risks, uncertainties and important factors beyond our control that could cause actual results and events to differ materially from historical results of operations and events and those presently anticipated or projected. We disclaim any obligation subsequently to revise any forward-looking statements to reflect events or circumstances after the date of such statement or to reflect the occurrence of anticipated or unanticipated events.

General

We are a touristic agency, currently located in Ecuador, that seeks tour guides for individual or group tours in particular localities. We aim to offer services of a freelance local guide, known also as a pointman (hereinafter referred as 'guide' or 'local guide') around the vicinities of our customers' choice. The services are aimed at private persons, or groups of them on a collective voyage. The customers (to whom we may refer as "tourists") are assigned to a particular guide once they complete their request, receive and sign the contract.

We plan to operate our tours exclusively in Ecuador. Ecuador is a land of rich cultural and historical attractions such as: City of Quito, City of Cuenca, El Cajas National Park, Pailon Del Diablo Waterfall, Cotopaxi Summit, The Galapagos Islands, Tena Jungles, Cuyabeno Wildlife Reserve etc.

PLAN OF OPERATION AND FUNDING

We expect that working capital requirements will continue to be funded through a combination of our existing funds and further issuances of securities. Our working capital requirements are expected to increase in line with the growth of our business.

Existing working capital, further advances and debt instruments, and anticipated cash flow are expected to be adequate to fund our operations over the next three months. We have no lines of credit or other bank financing arrangements. Generally, we have financed operations to date through the proceeds of the private placement of equity and debt instruments. In connection with our business plan, management anticipates additional increases in operating expenses and capital expenditures relating to: (i) developmental expenses associated with a start-up business and (ii) marketing expenses. We intend to finance these expenses with further issuances of securities, and debt issuances. Thereafter, we expect we will need to raise additional capital and generate revenues to meet long-term operating requirements. Additional issuances of equity or convertible debt securities will result in dilution to our current shareholders. Further, such securities might have rights, preferences or privileges senior to our common stock. Additional financing may not be available upon acceptable terms, or at all. If adequate funds are not available or are not available on acceptable terms, we may not be able to take advantage of prospective new business endeavors or opportunities, which could significantly and materially restrict our business operations.

MATERIAL COMMITMENTS

As of the date of this Quarterly Report, we do not have any material commitments.

PURCHASE OF SIGNIFICANT EQUIPMENT

We do not intend to purchase any significant equipment during the next twelve months.

OFF-BALANCE SHEET ARRANGEMENTS

As of the date of this Quarterly Report, we do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to investors.

GOING CONCERN

The independent auditors' report accompanying our July 31, 2016 financial statements contains an explanatory paragraph expressing substantial doubt about our ability to continue as a going concern. The financial statements have been prepared "assuming that we will continue as a going concern," which contemplates that we will realize our assets and satisfy our liabilities and commitments in the ordinary course of business.
