ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULT OF OPERATIONS

The following discussion should be read in conjunction with our financial statements, including the notes thereto, appearing elsewhere in this annual report. The following discussion contains forward-looking statements that reflect our plans, estimates and beliefs. Our actual results could differ materially from those discussed in the forward looking statements. Factors that could cause or contribute to such differences include, but are not limited to those discussed below and elsewhere in this Annual Report.

Our audited financial statements are stated in United States Dollars and are prepared in accordance with United States Generally Accepted Accounting Principles.

RESULTS OF OPERATIONS

Year ended July 31, 2017 compared to the period from March 31, 2016 (Inception) to July 31, 2016

Operating Expenses

During year ended July 31, 2017, we incurred \$20,511 general and administrative expenses compared to \$978 during the period from March 31, 2016 (Inception) to July 31, 2016. General and administrative expenses incurred generally related to corporate overhead, financial and administrative contracted services, such as legal and accounting and developmental costs.

Net Loss

Our net loss for the year ended July 31, 2017 was \$2,311 compared to net loss of \$978 during the period from March 31, 2016 (Inception) to July 31, 2016.

LIQUIDITY AND CAPITAL RESOURCES

As of July 31, 2017

As of July 31, 2017 our total assets were \$11,975 compared to \$86 in total current assets at July 31, 2016. As of July 31, 2017 our total current liabilities were \$3,564 compares to \$1,064 in total current liabilities at July 31, 2016.

We have financed our operations primarily from either advancements or the issuance of equity and debt instruments. For year ended July 31, 2017 net cash provided by financing activities was \$11,700 from proceeds from sale of common stock compared to \$1,064 from proceeds from the loan for the period from Inception (March 31, 2016) to July 31, 2016.

PLAN OF OPERATION AND FUNDING

We expect that working capital requirements will continue to be funded through a combination of our existing funds and further issuances of securities. Our working capital requirements are expected to increase in line with the growth of our business.

Existing working capital, further advances and debt instruments, and anticipated cash flow are expected to be adequate to fund our operations over the next six months. We have no lines of credit or other bank financing arrangements. Generally, we have financed operations to date through the proceeds of the private placement of equity and debt instruments. In connection with our business plan, management anticipates additional increases in operating expenses and capital expenditures relating to: (i) developmental expenses associated with a start-up business and (ii) marketing expenses. We intend to finance these expenses with further issuances of securities, and debt issuances. Thereafter, we expect we will need to raise additional capital and generate revenues to meet long-term operating requirements. Additional issuances of equity or convertible debt securities will result in dilution to our current shareholders. Further, such securities might have rights, preferences or privileges senior to our common stock. Additional financing may not be available upon acceptable terms, or at all. If adequate funds are not available or are not available on acceptable terms, we may not be able to take advantage of prospective new business endeavors or opportunities, which could significantly and materially restrict our business operations.

MATERIAL COMMITMENTS

As of the date of this Annual Report, we do not have any material commitments.

PURCHASE OF SIGNIFICANT EQUIPMENT

We do not intend to purchase any significant equipment during the next twelve months.

OFF-BALANCE SHEET ARRANGEMENTS

As of the date of this Annual Report, we do not have any off balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to investors.

GOING CONCERN

The independent auditors' report accompanying our July 31, 2017 and July 31, 2016 financial statements contain an explanatory paragraph expressing substantial doubt about our ability to continue as a going concern. The financial statements have been prepared "assuming that we will continue as a going concern," which contemplates that we will realize our assets and satisfy our liabilities and commitments in the ordinary course of business.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders

Remaro Group Corp.

Quito, Ecuador

We have audited the accompanying balance sheets of Remaro Group Corp. as of July 31, 2017 and 2016 and the related statements of operations, stockholders' deficit and cash flows for the year ended July 31, 2017 and the period from inception (March 31, 2016) to July 31, 2016. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Remaro Group Corp. as of July 31, 2017 and 2016 and the results of its operations and cash flows for the year ended July 31, 2017 and for the period from inception (March 31, 2016) to July 31, 2016 in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. The Company has suffered recurring losses and has no operations which raise substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are described in Note 3. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

REMARO GROUP CORP.

NOTES TO THE AUDITED FINANCIAL STATEMENTS

FOR THE YEAR ENDED JULY 31, 2017 AND THE PERIOD FROM INCEPTION (MARCH 31, 2016) to JULY 31, 2016

NOTE 1 - ORGANIZATION AND BUSINESS

REMARO GROUP CORP. (the "Company") is a corporation established under the corporation laws in the State of Nevada on March 31, 2016. The Company's aim is to offer the services of a freelance local guide, known also as a pointman (hereinafter referred as 'guide' or 'local guide'). The Company's tours are expected to operate exclusively in Ecuador and the Company's functional currency is the US dollar. The Company has adopted July 31 fiscal year end.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in the United States of America.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid instruments purchased with an original maturity of three months or less to be cash equivalents. The Company's bank accounts are deposited in insured institutions. The funds are insured up to \$250,000. At July 31, 2017 the Company's bank deposits did not exceed the insured amounts.

Use of Estimates

Preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue, and expenses. Actual results and outcomes may differ from management's estimates and assumptions.

Stock-Based Compensation

As of July 31, 2017, the Company has not issued any stock-based payments to its employees. Stock-based compensation is accounted for at fair value in accordance with ASC 718, when applicable. To date, the Company has not adopted a stock option plan and has not granted any stock options.

Revenue Recognition

The Company follows the guidance of the Accounting Standards Codification ("ASC") Topic 605, Revenue Recognition. We record revenue when persuasive evidence of an arrangement exists, the services have been provided, the price to the customer is fixed or determinable and collectability of the revenue is reasonably assured.

As of July 31, 2017, we have received prepayment for the service in consideration of \$2,500. The service is going to be fully provided during the next month following July 31, 2017 year end. Therefore, we have recognized such amount as deferred revenue.

F-6

Income Taxes

The Company follows the liability method of accounting for income taxes. Under this method, deferred income tax assets and liabilities are recognized for the estimated tax consequences attributable to differences between the financial statement carrying values and their respective income tax basis (temporary differences). The effect on deferred income tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

New Accounting Pronouncements

There were various accounting standards and interpretations issued recently, none of which are expected to have a material impact on our financial position, operations or cash flows.

Property and Equipment and Depreciation Policy

Property and equipment are stated at cost and depreciated on the straight line method over the estimated life of the asset, which is 3 years.

As of July 31, 2017, we had total property and equipment for \$6,500 and the total depreciation was \$506. As of July 31, 2017, the total net of property and equipment was \$5,994.

NOTE 3 - GOING CONCERN

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles, which contemplate continuation of the Company as a going concern. The Company had accumulated deficit of \$3,289 as of July 31, 2017. The Company currently has losses and has not completed its efforts to establish a stabilized source of revenues sufficient to cover operating costs over an extended period of time. Therefore, there is substantial doubt about the Company's ability to continue as a going concern. Management anticipates that the Company will be dependent, for the near future, on additional investment capital to fund operating expenses. The Company intends to position itself so that it will be able to raise additional funds through the capital markets. In light of management's efforts, there are no assurances that the Company will be successful in this or any of its endeavors or become financially viable and continue as a going concern.

NOTE 4 - CAPITAL STOCK

The Company has 75,000,000 shares of common stock authorized with a par value of \$0.001 per share. Upon formation, the Company issued 8,000,000 shares of its common stock to the director at \$0.001 per share for total proceeds of \$8,000. The \$8,000 was treated as a subscription receivable until paid during the year ended July 31, 2017. For the year ended July 31, 2017, the Company issued 370,000 shares of its common stock at \$0.01 per share for total proceeds of \$3,700.

As of July 31, 2017, the Company had 8,370,000 shares issued and outstanding.

NOTE 5 - RELATED PARTY TRANSACTIONS

In support of the Company's efforts and cash requirements, it may rely on advances from related parties until such time that the Company can support its operations or attains adequate financing through sales of its equity or traditional debt financing. There is no formal written commitment for continued support by officers, directors, or shareholders. Amounts represent advances or amounts paid in satisfaction of liabilities. The advances are considered temporary in nature and have not been formalized by a promissory note.

Since March 31, 2016 (Inception) through JULY 31, 2017, the Company's sole officer and director loaned the Company \$1,064 to pay for incorporation costs and operating expenses. As of July 31, 2017, the amount outstanding was \$1,064. The loan is non-interest bearing, due upon demand and unsecured.

NOTE 6. INCOME TAXES

The reconciliation of income tax benefit at the U.S. statutory rate of 34% for the year ended July 31, 2017 and for the period from inception to July 31, 2016 to the company's effective tax rate is as follows:

	2017	2016
Tax benefit at U.S. statutory rate	\$ (786)	(333)
Change in valuation allowance	786	333
	<u>\$ -</u>	<u>-</u>

The tax effects of temporary differences that give rise to significant portions of the net deferred tax assets at July 31, 2016 are as follows:

	2017	2016
Deferred tax assets:		
Net operating loss carryforwards	1,118	333
Valuation allowance	(1,118)	(333)
	<u>\$-</u>	<u>-</u>

The Company has approximately \$ 3,289 of net operating losses ("NOL") carried forward to offset taxable income, if any, in future years which expire in fiscal 2036. In assessing the realization of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. Management considers the scheduled reversal of deferred tax liabilities, projected future taxable income and tax planning strategies in making this assessment. Based on the assessment, management has established a full valuation allowance against all of the deferred tax asset relating to NOLs for every period because it is more likely than not that all of the deferred tax asset will not be realized.

NOTE 7 - SUBSEQUENT EVENTS

In accordance with ASC 855-10 management has performed an evaluation of subsequent events from July 31, 2017 through the date the financial statements were available to be issued, November 15, 2017.

For the period July 31, 2017 through November 15, 2017 the Company issued 1,551,000 shares of common stock at \$0.01 per share for a proceed of \$15,510.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 9A. CONTROLS AND PROCEDURES

Our management is responsible for establishing and maintaining a system of disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) under the Exchange Act) that is designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Commission's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by an issuer in the reports that it files or submits under the Exchange Act is accumulated and communicated to the issuer's management, including its principal executive officer or officers and principal financial officer or officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

An evaluation was conducted under the supervision and with the participation of our management of the effectiveness of the design and operation of our disclosure controls and procedures as of July 31, 2017. Based on that evaluation, our management concluded that our disclosure controls and procedures were not effective as of such date to ensure that information required to be disclosed in the reports that we file or submit under the Exchange Act, is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms. Such officer also confirmed that there was no change in our internal control over financial reporting during the year July 31, 2017 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

ITEM 9B. OTHER INFORMATION

None.

We do not have an audit committee financial expert. We do not have an audit committee financial expert because we believe the cost related to retaining a financial expert at this time is prohibitive.
