REMARO GROUP CORP.
NOTES TO THE UNAUDITED FINANCIAL STATEMENTS
FOR THE NINE MONTH PERIODS ENDED APRIL 30, 2018 AND APRIL 30, 2017

NOTE 1 - ORGANIZATION AND BUSINESS

REMARO GROUP CORP. (the "Company") is a corporation established under the corporation laws in the State of Nevada on March 31, 2016. The Company offers the services of a freelance local guide, known also as a pointman (hereinafter referred as 'guide' or 'local guide'). The Company's tours are operated exclusively in Ecuador and the Company's functional currency is the US dollar. The Company has adopted July 31 fiscal year end.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared by the Company without audit. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations, and cash flows at April 30, 2018 and for the related periods presented.

The results for the nine months ended April 30, 2018 are not necessarily indicative of the results of operations for the full year. These financial statements and related footnotes should be read in conjunction with the consolidated financial statements and footnotes thereto included in the Company's Annual Report for the year ended July 31, 2017, filed with the Securities and Exchange Commission.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid instruments purchased with an original maturity of three months or less to be cash equivalents. The Company's bank accounts are deposited in insured institutions. The funds are insured up to \$250,000. At April 30, 2018 the Company's bank deposits did not exceed the insured amounts.

Use of Estimates

Preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue, and expenses. Actual results and outcomes may differ from management's estimates and assumptions.

Basic Income (Loss) Per Share

The Company computes loss per share in accordance with "ASC-260", "Earnings per Share" which requires presentation of both basic and diluted earnings per share on the face of the statement of operations. Basic loss per share is computed by dividing net loss available to common shareholders by the weighted average number of outstanding common shares during the period. Diluted loss per share gives effect to all dilutive potential common shares outstanding during the period. Dilutive loss per share excludes all potential common shares if their effect is anti-dilutive.

Stock-Based Compensation

As of April 30, 2018, the Company has not issued any stock-based payments to its employees.

Stock-based compensation is accounted for at fair value in accordance with ASC 718, when applicable. To date, the Company has not adopted a stock option plan and has not granted any stock options.

Revenue Recognition

The Company follows the guidance of the Accounting Standards Codification ("ASC") Topic 605, Revenue Recognition. We record revenue when persuasive evidence of an arrangement exists, the services have been provided, the price to the customer is fixed or determinable and collectability of the revenue is reasonably assured.

NOTES TO THE UNAUDITED FINANCIAL STATEMENTS
FOR THE NINE MONTH PERIODS ENDED APRIL 30, 2018 AND APRIL 30, 2017

Income Taxes

The Company follows the liability method of accounting for income taxes. Under this method, deferred income tax assets and liabilities are recognized for the estimated tax consequences attributable to differences between the financial statement carrying values and their respective income tax basis (temporary differences). The effect on deferred income tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

New Accounting Pronouncements

There were various accounting standards and interpretations issued recently, none of which are expected to have a material impact on our financial position, operations or cash flows.

Property and Equipment and Depreciation Policy

Property and equipment are stated at cost and depreciated on the straight line method over the estimated life of the asset, which is 3 years.

As of April 30, 2018, we had total net of property and equipment for \$6,444 and the total accumulated depreciation was \$2,556. As of July 31, 2017, we had total net of property and equipment for \$5,994 and the total accumulated depreciation was \$506.

Amortization schedule

Property and equipment as of April 30, 2018 and July 31, 2017 consisted of the following:

| | April 30, 2018 | July 31, 2017 |
|------------------------------|----------------|---------------|
| Computer equipment | \$ 6,500 | \$ 4,000 |
| Furniture and fixtures | 2,500 | 2,500 |
| Accumulated depreciation | (2,556) | (506) |
| Total property and equipment | \$ 6,444 | \$ 5,994 |

Depreciation expense was \$2,050 and \$0 for the nine months ended April 30, 2018 and 2017, respectively.

Depreciation expense was \$749 and \$0 for the three months ended April 30, 2018 and 2017, respectively.

NOTE 3 - GOING CONCERN

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles, which contemplate continuation of the Company as a going concern. The Company had accumulated losses of \$1,076 as of April 30, 2018. Accordingly, there is substantial doubt about the Company's ability to continue as a going concern. Management anticipates that the Company will be dependent, for the near future, on additional investment capital to fund operating expenses. There are no assurances that the Company will be successful in this or any of its endeavors or become financially viable and continue as a going concern. The financial statements do not include any adjustments.

NOTE 4 - CAPITAL STOCK

The Company has 75,000,000 shares of common stock authorized with a par value of \$0.001 per share. Upon formation, the Company issued 8,000,000 shares of its common stock to the director at \$0.001 per share for total proceeds of \$8,000. The \$8,000 was treated as a subscription receivable until paid during the year ended July 31, 2017. For the year ended July 31, 2017, the Company issued 370,000 shares of its common stock at \$0.01 per share for total proceeds of \$3,700. For the nine month period ended April 30, 2018, the Company issued 2,141,000 of its common stock at \$0.01 for total proceeds of \$21,410.

As of April 30, 2018, the Company had 10,511,000 shares issued and outstanding.

NOTE 5 - RELATED PARTY TRANSACTIONS

In support of the Company's efforts and cash requirements, it may rely on advances from related parties until such time that the Company can support its operations or attains adequate financing through sales of its equity or traditional debt financing. There is no formal written commitment for continued support by officers, directors, or shareholders. Amounts represent advances or amounts paid in satisfaction of liabilities. The advances are considered temporary in nature and have not been formalized by a promissory note.

Since March 31, 2016 (Inception) through April 30, 2018, the Company's sole officer and director loaned the Company \$1,064 to pay for incorporation costs and operating expenses. As of April 30, 2018, the amount outstanding was \$1,064. The loan is non-interest bearing, due upon demand and unsecured.

NOTE 6. SUBSEQUENT EVENTS

In accordance with ASC 855-10 management has performed an evaluation of subsequent events from April 30, 2018 through the date the financial statements were issued and has determined that it does not have any material subsequent events to disclose in these financial statements.

PLAN OF OPERATION AND FUNDING

We expect that working capital requirements will continue to be funded through a combination of our existing funds and further issuances of securities. Our working capital requirements are expected to increase in line with the growth of our business.

Existing working capital, further advances and debt instruments, and anticipated cash flow are expected to be adequate to fund our operations over the next twelve months. We have no lines of credit or other bank financing arrangements. Generally, we have financed operations to date through the proceeds of the private placement of equity and debt instruments. In connection with our business plan, management anticipates additional increases in operating expenses and capital expenditures relating to: (i) developmental expenses associated with a start-up business and (ii) marketing expenses. We intend to finance these expenses with further issuances of securities, and debt issuances. Thereafter, we expect we will need to raise additional capital and generate revenues to meet long-term operating requirements. Additional issuances of equity or convertible debt securities will result in dilution to our current shareholders. Further, such securities might have rights, preferences or privileges senior to our common stock. Additional financing may not be available upon acceptable terms, or at all. If adequate funds are not available or are not available on acceptable terms, we may not be able to take advantage of prospective new business endeavors or opportunities, which could significantly and materially restrict our business operations.

As of the date of this Quarterly Report, we do not have any material commitments.

PURCHASE OF SIGNIFICANT EQUIPMENT

We do not intend to purchase any significant equipment during the next twelve months.

GOING CONCERN

The independent auditors' report accompanying our July 31, 2017 financial statements contains an explanatory paragraph expressing substantial doubt about our ability to continue as a going concern. The financial statements have been prepared "assuming that we will continue as a going concern," which contemplates that we will realize our assets and satisfy our liabilities and commitments in the ordinary course of business.
