 Notes to the Financial Statements F-7

To the shareholders and the Board of Directors of Remaro Group Corp. by operating activities was \$10,237 consisting of a net loss of \$19,817, decrease in cash and cash equivalents of \$2,000 and depreciation of \$2,996. Net cash flows provided by operating activities was \$10,237 for year ended July 31, 2018 consisting of a net loss of \$12,536, increase in accounts payable of \$2,000, decrease in deferred revenue of \$2,500 and decrease in prepaid expenses of \$2,793.

We have audited the accompanying balance sheet of Remaro Group Corp. ("the Company") as of July 31, 2019, and the related statement of operations, stockholders' equity, and cash flows, and the related notes (collectively referred to as the "financial statements"). In our opinion, the 2019 financial statements present fairly, in all material respects, the financial position of the Company as of July 31, 2019, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The financial statements of the Company as of July 31, 2018, were audited by other auditors whose report dated November 13, 2018, expressed an unqualified opinion on those statements. For the year ended July 31, 2019, net cash flow used in investing activities was \$-0- compared to \$2,500 for the year ended July 31, 2018. The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 3 to the financial statements, the Company has suffered recurring losses from operations and has a net capital deficiency that raise substantial doubt about the its ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 3 to the financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty. Our opinion is not modified with respect to this matter.

We have financed our operations primarily from either advancements or the issuance of equity instruments. For the year ended July 31, 2019, net cash provided by financing activities was \$4,600 received from proceeds from loan compared to \$21,410 received from proceeds from issuance of common stock for the year July 31, 2018. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Existing working capital, further advances and debt instruments, and anticipated cash flow are expected to be adequate to fund our operations over the next twelve months. We have no lines of credit or other bank financing arrangements. Generally, we have financed operations to date through the proceeds of the private placement of equity and debt instruments. In connection with our business plan, management anticipates additional increases in operating expenses and capital expenditures relating to: (i) development and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion. We intend to finance these expenses with further issuances of securities, and debt issuances. Thereafter, we expect we will need to raise additional capital and generate cash flow to meet long-term operating requirements. Additional issuances of equity or convertible debt securities will result in dilution to our current shareholders. Further, such securities might have rights, preferences or privileges senior to our common stock. If adequate funds are not available upon acceptable terms, or at all, we may not be able to take advantage of prospective new business endeavors or opportunities, which could restrict our business operations.

REMARO GROUP CORP.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED JULY 31, 2019 AND JULY 31, 2018

NOTE 1 - ORGANIZATION AND BUSINESS

REMARO GROUP CORP. (the "Company") is a corporation established under the corporation laws in the State of Nevada on March 31, 2016. The Company offers the services of a freelance local guide, known also as a pointman (hereinafter referred as 'guide' or 'local guide'). The Company's tours are operated exclusively in Ecuador and the Company's functional currency is the US dollar. The Company has adopted July 31 fiscal year end.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in the United States of America.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid instruments purchased with an original maturity of three months or less to be cash equivalents. The Company's bank accounts are deposited in insured institutions. The funds are insured up to \$250,000. At July 31, 2019 the Company's bank deposits did not exceed the insured amounts.

Use of Estimates

Preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue, and expenses. Actual results and outcomes may differ from management's estimates and assumptions.

Stock-Based Compensation

As of July 31, 2019, the Company has not issued any stock-based payments to its employees.

Stock-based compensation is accounted for at fair value in accordance with ASC 718, when applicable. To date, the Company has not adopted a stock option plan and has not granted any stock options.

Revenue Recognition

The Company adopted ASC 606, "Revenue From Contracts With Customers" ("Topic 606") effective from August 1, 2018. Adoption on this standard did not have a material impact on the Company's financial statements, business process, controls and systems.

This standard provides guidance for the recognition, measurement and disclosure of revenue from contracts with customers and supersedes previous revenue recognition guidance under U.S. GAAP.

In accordance with Accounting Standards Codification Topic 606, revenue is recognized when the following criteria are met:

- Identification of the contract, or contracts, with a customer;
- Identification of the performance obligations in the contract;
- Determination of the transaction price;
- Allocation of the transaction price to the performance obligations in the contract; and
- Recognition of revenue when, or as, we satisfy performance obligation.

Income Taxes

The Company follows the liability method of accounting for income taxes. Under this method, deferred income tax assets and liabilities are recognized for the estimated tax consequences attributable to differences between the financial statement carrying values and their respective income tax basis (temporary differences). The effect on deferred income tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

New Accounting Pronouncements

There were various accounting standards and interpretations issued recently, none of which are expected to have a material impact on our financial position, operations or cash flows.

Property and Equipment and Depreciation Policy

Property and equipment are stated at cost and depreciated on the straight-line method over the estimated life of the asset, which is 3 years.

As of July 31, 2019, we had total net property and equipment of \$2,699 and the total accumulated depreciation was \$6,301. As of July 31, 2018, we had total net property and equipment of \$5,695 and the total accumulated depreciation was \$3,305.

Property and equipment as of July 31, 2019 and July 31, 2018 consisted of the following:

	July 31, 2019	July 31, 2018
Equipment and Computer	\$ 9,000	\$ 9,000
Accumulated depreciation	(6,301)	(3,305)
Total property and equipment	<u>\$ 2,699</u>	<u>\$ 5,695</u>

Depreciation expense was \$2,996 and \$2,799 for the years ended July 31, 2019 and 2018, respectively.

NOTE 3 - GOING CONCERN

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles, which contemplate continuation of the Company as a going concern. The Company had accumulated deficit of \$35,642 as of July 31, 2019. The Company currently has losses and has not completed its efforts to establish a stabilized source of revenues sufficient to cover operating costs over an extended period of time. Therefore, there is substantial doubt about the Company's ability to continue as a going concern. Management anticipates that the Company will be dependent, for the near future, on additional investment capital to fund operating expenses. The Company intends to position itself so that it will be able to raise additional funds through the capital markets. In light of management's efforts, there are no assurances that the Company will be successful in this or any of its endeavors or become financially viable and continue as a going concern. These financial statements do not include any adjustments related to the recovery or classification of assets or the amounts and classifications of liabilities that might be necessary should the company be unable to continue as going concern.

NOTE 4 - CAPITAL STOCK

The Company has 75,000,000 shares of common stock authorized with a par value of \$0.001 per share. Upon formation, the Company issued 8,000,000 shares of its common stock to the director at \$0.001 per share for total proceeds of \$8,000. The \$8,000 was treated as a subscription receivable until paid during the year ended July 31, 2017. For the year ended July 31, 2017, the Company issued 370,000 shares of its common stock at \$0.01 per share for total proceeds of \$3,700. For the year ended July 31, 2018, the Company issued 2,141,000 of its common stock at \$0.01 for total proceeds of \$21,410.

As of July 31, 2019, the Company had 10,511,000 shares issued and outstanding.

NOTE 5 - RELATED PARTY TRANSACTIONS

In support of the Company's efforts and cash requirements, it may rely on advances from related parties until such time that the Company can support its operations or attains adequate financing through sales of its equity or traditional debt financing. There is no formal written commitment for continued support by officers, directors, or shareholders. Amounts represent advances or amounts paid in satisfaction of liabilities. The advances are considered temporary in nature and have not been formalized by a promissory note.

Since March 31, 2016 (Inception) through July 31, 2019, the Company's sole officer and director loaned the Company \$5,664 to pay for incorporation costs and operating expenses. As of July 31, 2019, the amount outstanding was \$5,664. The loan is non-interest bearing, due upon demand and unsecured.

NOTE 6. INCOME TAXES

The reconciliation of income tax benefit at the U.S. statutory rate of 21% for the year ended July 31, 2019 and 2018 to the company's effective tax rate is as follows:

	2019	2018
Tax benefit at U.S. statutory rate	\$ (4,161)	(2,212)
Change in valuation allowance	4,161	2,212
	<u>\$ -</u>	<u>-</u>

The Company has approximately \$ 35,642 of net operating losses ("NOL") carried forward to offset taxable income, if any, in future years which expire in fiscal 2039. In assessing the realization of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. Management considers the scheduled reversal of deferred tax liabilities, projected future taxable income and tax planning strategies in making this assessment. Based on the assessment, management has established a full valuation allowance against all of the deferred tax asset relating to NOLs for every period because it is more likely than not that all of the deferred tax asset will not be realized.

NOTE 7 - SUBSEQUENT EVENTS

In accordance with ASC 855-10 management has performed an evaluation of subsequent events from July 31, 2019 through the date the financial statements were issued, and has determined that it does not have any material subsequent events to disclose in these financial statements.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

On December 19, 2018 (the "Resignation Date") Haynie & Company, CPA, Salt Lake City, Utah resigned as the independent registered public accounting firm for Remaro Group Corp. (the "Company"). On January 10, 2019, the Company engaged Zia Masood Kiani & Co (Chartered Accountants), Pakistan, as its new independent registered public accounting firm. The change of the Company's independent registered public accounting firm from Haynie & Company, CPA to Zia Masood Kiani & Co (Chartered Accountants) was approved unanimously by our board of directors.

ITEM 9A. CONTROLS AND PROCEDURES

Our management is responsible for establishing and maintaining a system of disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) under the Exchange Act) that is designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Commission's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by an issuer in the reports that it files or submits under the Exchange Act is accumulated and communicated to the issuer's management, including its principal executive officer or officers and principal financial officer or officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

An evaluation was conducted under the supervision and with the participation of our management of the effectiveness of the design and operation of our disclosure controls and procedures as of July 31, 2019. Based on our management's evaluation under the framework in Internal Control-Integrated Framework (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission, our management concluded that our disclosure controls and procedures were not effective as of such date to ensure that information required to be disclosed in the reports that we file or submit under the Exchange Act, is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms.

A material weakness is a control deficiency, or combination of control deficiencies, such that there is a reasonable possibility that a material misstatement of the annual or interim financial statements will not be prevented or detected on a timely basis. We have identified a lack of segregation of duties, a lack of audit committee or independent governance/oversight, and timely communication with vendors to obtain invoices and record expenses and liabilities as material weaknesses in our internal controls over financial reporting as of the end of the fiscal year ended July 31, 2019.

Such officer also confirmed that there was no change in our internal control over financial reporting during the year July 31, 2019 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

ITEM 9B. OTHER INFORMATION

None.
